### **What would you suggest in order to improve the project?**

I think the project meeting was perfect and a good experience for our future development!

Project was perfect. I don't have anything to suggest.

I don't have suggestions because I liked the programme and all we did together with our hosts and the students from the other countries.

We should travel more, instead of time spent in school

If more countries could participate in it

More trips that we could learn more about the country's culture.
